

Product's Features

- Aluminum face mask
- Ball bearing motor
- High speed, low noise
- Anti-aging, long life

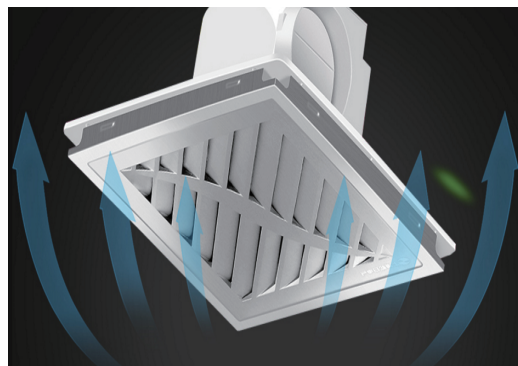

Applications

- WC

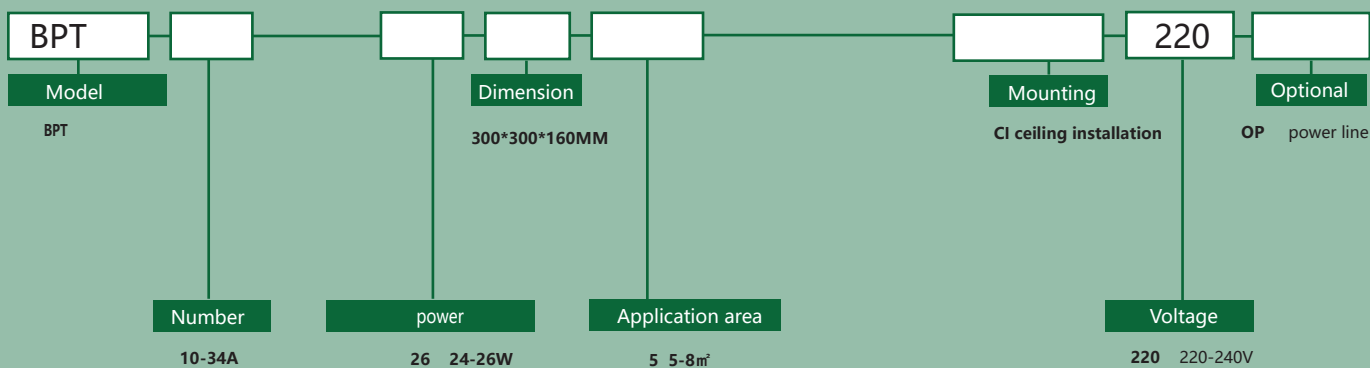

Technical parameters

- Power: 24-26W
- Air volume: 127m³ / h
- Noise: 3M decibels ≤42db (A)
- Weight: 1.4KG
- Working Power : 220V~240V , 50Hz

- IP Grade : IP20
- Insulation Grade : Class 1
- Safety Standards : IEC598

Order Guide :

Remark:compliance with the requirement of the buyer

Model	Number	Power(W)	Height(mm)
BPT	10-34A	24-26	300*300*160
