

Product's Features

- lighting fixture made of cold rolled sheet, color:white and gold
- Anodic alumina reflector,beam angle:15° ; 25°
- Anti-Glare lighting design
- lamp holder,connecting terminal, electrical wire with High temperature resistant flame retardant

Applications

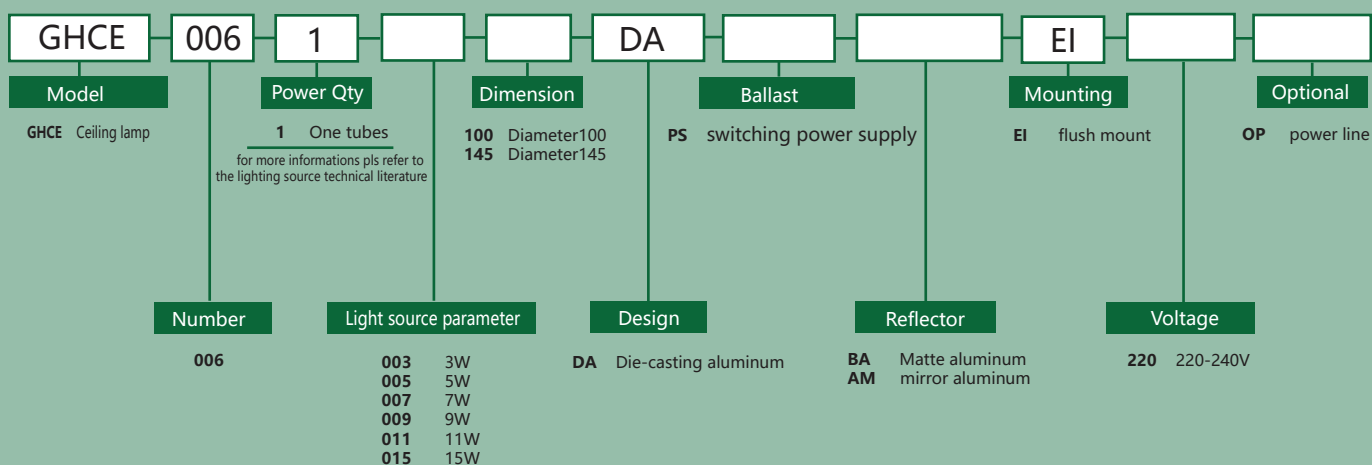

- Office,Supermarket,School,Workshop,etc.

Technical parameters

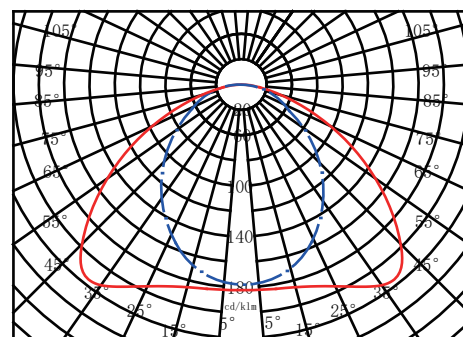

- Light Source: LED
- Light Power: 3-15W
- Ballast: switching power supply
- Working Power: 220V~240V, 50Hz
- IP Grade: IP20、IP43
- Insulation Grade: Class 1
- Safety Standards: IEC598

Order Guide:

Remark:compliance with the requirement of the buyer

Model	Number	Tube amount	Power(W)	Diameter(mm)	cut-out(mm)
