

Product's Features

- Shell material: Aluminum
- Conductive core: copper core
- Insulation material: flame retardant PVC
- Appearance color: black, white

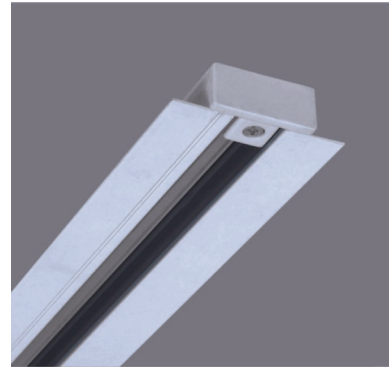

Technical parameters

- length:0.3M,1M,1.5M,2M,3M

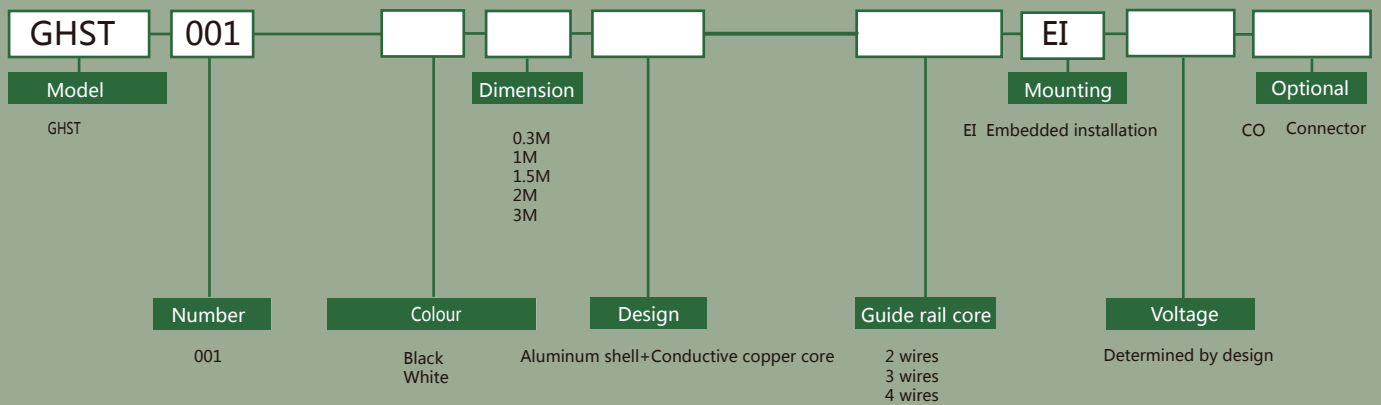

- IP Grade : IP20
- Insulation Grade : Class 1
- Safety Standards : IEC598

Applications

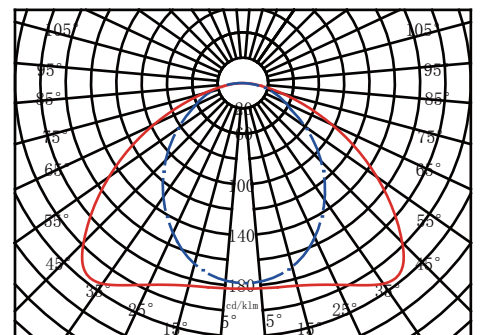

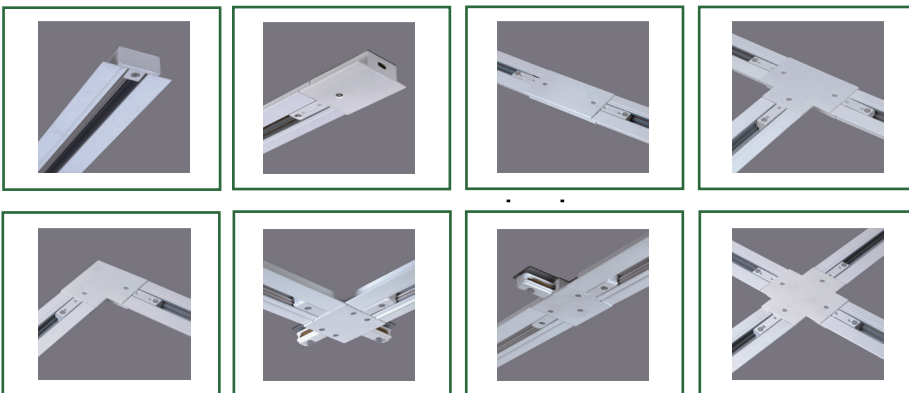

- Suitable for recessed or concealed installations

Order Guide :

Remark:compliance with the requirement of the buyer
